

## **Brandeston Hall**

### **Religious Education**

Religious Education at Brandeston Hall focuses on guiding pupils through the exploration of ideas, beliefs and customs of the main religions represented in Britain today. It can only be through understanding the rich diversity of life that our children will be able to play a major role in the society of tomorrow whilst retaining the respect due to those who are different from them. Pupils in Years 7 and 8 follow a wide-ranging course focussing on the beliefs and traditions of the major world religions. The course is designed to give a basis of understanding which allows the pupils to respond with confidence to the challenges of Year 9, GCSE and beyond.
