

Brandeston Hall

Stretching the Gifted and Talented

Brandeston Hall celebrates achievement and rewards success. The school is committed to ensuring that the gifted and talented pupils are recognised, supported, enriched and challenged and that they begin to fulfil their potential as leaders, thinkers, investigators, creative designers, sportspeople and performers of the future. Our more able pupil programme encompasses children who excel in music, arts, design technology, drama, sport and of course academia. Our musicians and sportspeople have had wide recognition and have played at county and national level. Our designers and artists have also been recognised through county and regional exhibitions. We have entered national general knowledge competitions and in the first year of entry we got through to the semi-final stage. The gifted and talented pupil has access to lunchtime clubs, one which encourages critical thinking and philosophical skills and another which promotes Latin. We continue to strive for new ways to enrich our more able pupils in the all areas of excellence.
